*The FY 2014 Consolidated Appropriations Act change the definition of extremely low-income to be the greater of 30/50th (60%) of the Section 8 very low-income limit or the poverty guideline as established by HHS, provided that this amount is not greater than the Section 8 50% very low-income limit. Consequently, the extremely low (30%) income limits may equal the very low (50%) income limits.
